A uniform is an investment in your brand, your team, and the customer experience. To get the most out of that investment, it's important to ensure both the quality and style are built to last. This means choosing durable fabrics and thoughtful designs that stand the test of time while representing your brand with confidence.

Aldgate
Slim Fit Jacket
Everyone Collection

The Aldgate is cut close to the body for a slim silhouette, the Aldgate is fitted through the shoulder, chest and waist. The beautifully tailored jacket has a centre vent at the back for a clean modern cut.

People & Planet

We don't just claim sustainability, we certify it. We proudly partner with Carbon Neutral Britain, Wrap, Sedex and Oeko Step to ensure our products, and our processes, support both people and planet.

As we work to drive emissions to zero, we believe that we should be held accountable for our environmental impact. So until we reach our goal of zero, we're taxing ourselves for the carbon we do emit, and investing in carbon offsets to fund projects that neutralize our footprint.

This goes towards funding projects not just on emissions, but also their wider impact – providing secondary benefits such as education, employment, clean water, and a positive impact on the local wildlife and ecology.

Turning recycled plastic into tailoring

The Recycled Polyester fibre is made from 100% PET Plastic Bottles and is Certified by the Global Recycled Standard and is produced in a Green Mill powered by Bio Fuel.

The bottles are sourced using various socially compliant sources such as Identified Collection Agencies, Reverse Vending Machines and collection drives at events. The bottles are cleaned, washed and crushed to create plastic flakes. The flakes are melted down and extruded to make fibre.

We don't use agencies to manufacture our tailoring. We don't use factories that we haven't meticulously checked. We know who makes our clothing and we also expect the same from the partners we work with from the fabric mills to the button suppliers. Our supply chain is industry leading in terms of compliance, sustainability and welfare so you can feel assured that we only work to the highest practices.

See it. Feel it. Try it.

Clubclass Sizing days allow your customer to see the quality of Clubclass tailoring, feel the fabric and try on styles and sizes. Allowing your customer to find the exact size and fit that works for them.

We know that before your customer commits to a tailored uniform the fit and feel is crucial.

Our collections are designed to bring people together, with inclusive designs for everyone, every shape and every size that allow teams to feel proud, happy and confident in the workplace.

Where are your sizing days?

All the tailoring is pressed and presented on rails ready to showcase our entire size range for your customers to try on, whether it be at your office, or your customers office that could be a hotel or any offsite location that you desire.

Alternatively we have a show room located in South Yorkshire where we are happy to accommodate and host your customer.

Do you tailor each garment to every wearer?

The sizing day isn't individually tailored however we are confident your customer will find the perfect fit from our extended size ranges and our 4 different lengths we offer (short, reg, long, unfinished)

If we come across a special requirement we will work with you to achieve this.
