# Fleece & Layering

## Comfort Without Compromise

It's fair to say that spirited feelings are an unavoidable side effect of being surrounded by clear lakes and majestic snowcapped peaks. STORMTECH has drawn inspiration from those feelings and created tactile equivalents by using only the finest soft, synthetic materials and cotton in the manufacturing of all our fleece and layering styles. This has earned us 'best in fleece' status. Our collection consists of an array of base and mid layers that are lightweight, functional, and perfect for a warm layer or light sweater. So layer up and feel the joy.
